

Final goal is to be a group leader and have own research group.  
In order to achieve the goal, during next 3 years, I would like to be a post doctoral fellow (posdoc) and further improve research skills, knowledge.  
Also, now the research field is rapidly progressing, the collaborator work is very important. Therefore, networking is essential.

The course is internationally open so it is good opportunity to do networking, learn cutting edge technique and knowledge.
